Please return completed surveys to paradise@marlandlaw.com.au.**

Name:	Mobile Number:
Email:	
Sunwater Client Name (1): _____	
Sunwater Client Name (2): _____	
Sunwater Client Name (3): _____	
Please record the name(s) which Sunwater uses on your Sunwater account	
Can we include you in our Paradise Dam Class Action Newsletter mailing list?	Yes / No
Postal Address:	
Farm Address: <i>If multiple farms, please list the farm where your main sheds are located</i>	
Total volume of Surface Water allocation owned:	
(a) SOUTH SIDE Surface Water: _____ ML	
(b) NORTH SIDE Surface Water: _____ ML	

Did you have farming interests in this region **prior** to Paradise Dam being built? Yes / No

If no - please explain why you chose to begin farming in the Bundaberg region and what information you relied on when making that decision:-

If yes - if you have expanded/diversified your farm since 2005 please outline what information you relied on when making the decision to expand/diversify:-

Please outline the details of your farm(s) below:-

(if this table is too small, please write the remaining farms on the back of this page or complete another form, available from www.paradisedamclassaction.com.au)

Farm Name	Sunwater System* (eg Isis)	Locality (eg Alloway)	Area (ha)	Surface Water (ML) bought with farm	OTHER Water (ML) bought with farm	Year Purchased

***Sunwater System = Isis, Woongarra, Gin Gin, Gooburrum, direct from river etc**

Permanent surface water purchases since 2005 (if you need extra space please write on the back of this page or complete another survey form, available at www.paradisedamclassaction.com.au):-

Approximate Month & Year	Megalitres	South / North Side

Please list the types of improvements made to your business since 2005 (*eg packing shed upgrade, new irrigation infrastructure, buying water licenses etc*):-

Improvement	Approx Cost	Approx Year Spent

Do you have sales contracts which rely on reliable supply of produce?

Yes / No

Do you feel uncertain about supplying your contracts since you learnt about the wall of Paradise Dam being lowered?

Yes / No

Please complete, as accurately as possible, the hectares of each crop you planted on your farms in the **Burnett sub-scheme ONLY** in the years outlined (if you need extra space please write on the back of this page or complete another survey form, available at www.paradisedamclassaction.com.au):-

BURNETT Sub-scheme Plantings	Avocado (ha)	Macs (ha)	Sweet Potato (ha)	Cane (ha)	Other (ha)	Crop Type if "Other"
Plantings for 2004						
Age (of trees) in 2004						
Total New Plantings from 2005 - 2010						
New Plantings in 2011						
New Plantings in 2012						
New Plantings in 2013						
New Plantings in 2014						
New Plantings in 2015						
New Plantings in 2016						
New Plantings in 2017						
New Plantings in 2018						
New Plantings in 2019						
New Plantings in 2020						
New Plantings in 2021						
Total Plantings (Sept 2021):-						
FUTURE PLANS Burnett Sub-scheme	Avocado (ha)	Macs (ha)	Sweet Potato (ha)	Cane (ha)	Other (ha)	Crop Type if "Other"
Expected Plantings in 2022						
Expected Plantings in 2023						

Please complete, as accurately as possible, the hectares of each crop you planted on your farms in the **Kolan sub-scheme ONLY** in the years outlined (if you need extra space please write on the back of this page or complete another survey form, available at www.paradisedamclassaction.com.au):-

Plantings for 2004						
Age (of trees) in 2004						
Total New Plantings from 2005 - 2010						
New Plantings in 2011						
New Plantings in 2012						
New Plantings in 2013						
New Plantings in 2014						
New Plantings in 2015						
New Plantings in 2016						
New Plantings in 2017						
New Plantings in 2018						
New Plantings in 2019						
New Plantings in 2020						
New Plantings in 2021						
Total Plantings (Sept 2021):-						
FUTURE PLANS Kolan Sub-scheme	Avocado (ha)	Macs (ha)	Sweet Potato (ha)	Cane (ha)	Other (ha)	Crop Type if "Other"
Expected Plantings in 2022						
Expected Plantings in 2023						

If you have plans to expand your plantings in 2022 and 2023, please outline **how** you plan to source water for those crops into the future:-

How do you plan to source water for your existing plantings?

Since you learnt that Sunwater were lowering the wall of Paradise Dam what coping strategies have you taken to adjust your farming business?

What future coping strategies do you plan to take if announced allocations are low?
